- French (Fluent)
- Arabic (Native)

INTERESTS

- **Reading** : I have a passion for exploring various genres of literature and expanding my knowledge through books.
- **Writing** : I enjoy expressing my thoughts and ideas through written words. Whether it's creative writing, blogging, or content creation, I find joy in the art of storytelling.
- **Martial Arts** : I am an avid practitioner of martial arts. The discipline, focus, and physical fitness aspects of martial arts have always captivated me, and I actively train to enhance my skills.

EXTRACURRICULAR EXPERIENCE

Project Manager, Legend X Talk

Successfully planned, coordinated, and executed the Legend X Talk event, bringing together renowned experts and enthusiasts from various fields.

Managed the project, including budgeting, sponsor acquisition, and coordination of technical and logistical teams.

Developed leadership, communication, and teamwork skills.

Head of Squid Game Event

Organized and managed an event based on the popular series "Squid Game."

Oversaw team management, resource allocation, and event operations.

Demonstrated initiative, problem-solving, and creativity to ensure the event's success.

Other extracurricular projects:

Engaged in various projects that showcased my initiative, problem-solving abilities, and ability to achieve defined objectives.

Enhanced time management, creativity, and ability to work under pressure.

SKILLS

- Strong knowledge in Mathematics, Physics, Computer Science, and Chemistry gained through my DEUST program.
- Proficiency in problem-solving, critical analysis, and logical thinking.
- Proficient in computer tools and scientific software.
- Ability to work independently and as part of a team.
- Excellent communication and project management
- Proficient in web development languages such as HTML and CSS.
- Strong knowledge of programming languages including C and SQL.

CAREER OBJECTIVE:

My career objectives are aligned with my keen interest in web development. I possess a strong command of web development languages such as HTML and CSS. These skills enable me to create visually appealing and user-friendly websites. Additionally, I am proficient in programming languages like C and SQL, further enhancing my technical capabilities.

Throughout my academic journey, I have actively engaged in various paraprofessional activities. Notably, I served as the Project Manager for Legend X Talk, successfully leading and executing multiple projects. These experiences have enhanced my leadership, communication, and project management skills.

As I embark on my career, I am eager to leverage my knowledge and skills in web development to contribute to the dynamic and evolving field. I am committed to continuous learning and staying updated with the latest industry trends and technologies. With my strong problem-solving abilities and attention to detail, I am confident in my ability to deliver high-quality solutions as a web developer.

I am excited about the opportunity to apply my skills and contribute to the success of web development projects. I am open to new challenges and look forward to collaborating with a team of like-minded professionals.

Thank you for considering my application. I am available for further discussions or interviews at your convenience.
